Positivo of desesperacion

Black Friday a supera suma di un miyon den benta pa comercio

Cu benta diabierna ultimo riba 'Black Friday' tabata un éxito, no tin duda ya cu for di informacion no oficial ricibi, ta calcula cu e diabierna aki hunto cu resto di fin di siman, sector comercial a supera benta di mas di un miyon florin.

Parcialmente si esaki ta totalmente corecto, ta muestra algo sumamente positivo y en realidad por a mira miles di hende buscando ofertanan beneficoso den tur negoshi cu a pone asina yama "discount" riba nan productonan, hasta reduccion di 50% of mas cu sin duda a pone hopi hende move pa probecha di e ofertanan aki.

Tin negoshinan grandi y renombra cu a supera cifranan di benta di mas di 100 mil florin pa diabierna solamente loke ta bolbe muestra cu pueblo kier a probecha di haya mas pa su placa, despues di a confronta henter un año haciendo net lo contrario, esta di paga tur luna mas debi na un inflacion cu no tin fin di termina.

E movicion of desaroyo di diabierna ultimo y henter fin di siman, ta bolbe demostra un ansha den henter pueblo pa trata di probecha di e tipo di ganga aki, pa asina logra cumpra loke nan tin mester, loke nan no por a haci den ultimo dies luna di 2023.

Un interes grandi cu na mes momento a muestra tambe riba un desesperacion inmenso di ciudadanonan cu ta tratando di drecha nan situacion di biba cu e tipo di ofertanan cu tabata posibel e fin di siman cu a pasa.

Varios negoshi grandi a ricibi centenares di cliente, caminda hasta tin ciudadanonan cu a sinta den stoel henter anochi pa ta prome den rij na momento cu e negoshi dal porta habri y mientras cu benta tabata bon sin duda, tambe tin centenares di hende cu a sali man bashi ya cu ainda cu reduccion substancial riba hopi producto cu ta di gran necesidad, e poder financiero di e grupo grandi aki, no tabata suficiente of responsabel.

Demanda pa productonan electronico tabata grandi mirando e interes di consumo pa drenta e luganan aki diabierna ultimo pero tambe pa loke ta paña y sapato cu keds, e demanda tabata grandi caminda atrobe por mira cuanto necesidad tin y e alivio grandi ora cu nan por cumpra algo mas pa e balor di nan florin.

Un bista sin duda agradabel henter diabierna cu e 'Black Friday' pero lo ta na su luga pa comercio organisa mas di e tipo di actividad aki, ya cu un gran parti di pueblo cu no ta tin mucho recurso financiero, por saca probecha di e tipo di actividadnan aki.

Minister di Economia Geoffrey Wever den fin di siman tambe a informa cu lo sigui organisa mas dianan di promocion y ambiente special den centro di Oranjestad, cual actividadnan ta cuminsa diasabra venidero 2 di December y lo sigui tur diasabra cu e ultimo dia 23 di December.

Sin duda un bon iniciativa cu lo yuda henter e proceso comercial den e dianan di fiesta aki, caminda tambe e mandatario a muestra cu tin luznan di Pasco cu ta hopi bunita e año aki.

E programa cu Minister y su Gobierno a presenta pa e actividad cu lo carga e nomber di Fiesta di Luz ta como lo siguiente:

- 2 December, 4:00 PM – 6:00 PM, entretenimento: Maruba
- 9 December, 4:00 PM – 6:00 PM, entretenimento: Las Unicas
- 16 December, 4:00 PM – 6:00 PM, entretenimento: Rumba Caribeña
- 16 December, 4:00 PM – 6:00 PM, KidsPreneur\$ Bazaar @ Plaza Daniel Leo.

Palanca Politico

Tin politico cu kier tiña cabey blond pa parce Geert Wilders

Resultado di eleccion na Hulanda siman pasa, a confirma cu e mentalidad di politiconan di Aruba, no ta cambia, a pesar cu varios di nan ta papia di “cambio” den politica aki na Aruba, poco realmente ta activo pa cambia e politica aki cu nan ta yama anticua.

E triunfo di Geert Wilders siman pasa, tabata un sorpresa no solamente na “politiek Den Haag” pero rond mundo, ya cu no a spera cu Wilders lo a gana ya cu den ningun sondeo cu a ser haci rond Hulanda, esaki tabata e caso.

Aki na Aruba pa ser realistico, tampoco tin politiconan actual cu a spera e triunfo aki pero hopi a bira contento cu e resultado aki, hasta algun declaracion cu den PVV nan ta mira nan vision pa cu Aruba.

Otronan a mira e cambio aki como copia di nan propio sueño politico di mira un “cambio” den politica aki na Aruba, sin cu nan mes a yega di papia di e cambio cu nan kier mira y con nan kier logra e cambio aki.

Awor nan ta mira algo positivo den e hecho cu Geert Wilders y su partido PVV cu no ta wordo conta entre partidonan tradicional grandi, a sorprende tur hende, hasta e propio politiconan aki na Aruba, soñando cu nan tambe lo logra

esaki algun dia.

Sinembargo pa logra esaki nan tin cu haci mas cu djis pronuncia e palabra cambio y kere cu pueblo votado lo cay pa e palabra aki sin mas.

Tin politiconan cu a duna declaracion riba e triunfo di Wilders mustrando un simpatia pa e polemico lider Hulandes aki, cu loke tabata falta ta pa nan tiña nan cabey tambe ‘blond’ y hunga e rol cu nan partido tambe tabata ganado den e eleccion na Hulanda.

COMPLICA

E situacion politico aki na Aruba, ta muestra mas complica pa esunnan cu ta bogando pa un cambio, bogando pa votadonan no sostiene e dos partidonan grandi cu ta MEP y AVP pero en realidad, mescos cu Wilders na Hulanda, nan tin mester di partidonan grandi pa forma un gobierno ya cu partidonan chikito aki na Aruba, lo keda chikito ya cu nan lider of fundado, mi ta dunando indicacion cu realmente nan tambe kier forma un organisacion politico grandi y di peso, pa asina cambia rumbo di politica aki.

Mayoria di lidernan politico actual, ta buscando e vision cu kisas ta nan forma di mira e gran cambio, esta di percura pa nan tin suficiente sosten pa haya un of dos asiento, pa asina sigura nan presencia den Parlamento y eventualmente den un gobierno di coalicion.

No ta mustrando un liña politico diferente, semper cuestionando e dos organisacionnan mas grandi pero sin por presenta un alternativa pa tuma e posicion di e dos partidonan aki, ya cu mientras cu ta discuti y cuestiona e posicion tuma pa Gabinete Wever Croes II den e asunto di Rijkswet, ningun partido a presenta un alternativa cu por sinta na mesa cu sea e gobierno demisionario actual of esun di futuro so logra forma un gobierno na Hulanda.

E unico partido politico cu a asumi responsabilidad, a biaha riba costo propio pa Hulanda pa atende e situacionnan delicado cu tin den e relacion entre e dos paisnan, tabata partido AVP y su lider Mike Eman y tur loke por a ripara despues di resultado di eleccion di Hulanda, e “gran” deseo di hopi politico cu kier logra mesun cambio cu Wilders y PVV a logra. Pa logra esaki ta rekeri mas capacidad y mas seriedad cu solamente cambia color di cabey!!

Islanan BES lo conoce 'deficit' di 8,8 miyon euro den cuida medico

Mientras cu gobierno Hulandes pa medio di CAft a exigi un reduccion di 5 miyon florin pa luna den cuida medico, esta den AZV, loke ta sali un reduccion total di 60 miyon pa aña, tin un situacion cu islanan BES cu a sali for di man den cuida medico.

Segun tanto CAft como gobierno Hulandes, reduccion di cuida medico di Aruba ta necesario pa evita cu den futuro AZV lo wordo confronta cu gastonan demasiado halto y cu ta pone cu esaki lo haya su mes den problema financiero hopi grandi.

Gabinete Wever Croes II inicialmente a introduci algun medida den loke ta servicio cu AZV caminda tin cu paga pa cierto servicionan tanto na 'Eerste Hulp,' transportacion den ambulance y esun cu a cay mas pisa, remedinan cu antes AZV tabata cubri y cu awor pashent tin cu paga pa esaki.

Asina mes pa medio di Minister di Salud, Dangui Oduber, a dicidi di no sigui cu e tur medida cu CAft a pidi pa tuma pero si a mantene esunnan cu ya gobierno a introduci loke parcialmente a evita un situacion ainda mas dificil pa principalmente hendenan grandi y esunnan cu ta biba di onderstand.

Pa e motibo aki, informacion cu a drenta for di Hulanda pa loke ta islanan BES, cu Bonaire, Sin Estatius y Saba, tur islanan 'gemeente' di Hulanda, lo bay conoce un deficit di 8.8 miyon euro pa loke ta gastonan medico segun informacion di ministerio di Salubridad, Bienestar y Deporte.

Esaki a keda publica den e 'najaarsnota' di Minister di Financia, esta Sigrid Kaag cu el a manda pa Tweede Kamer diabierna ultimo.

Ta bin resulta cu e punto di problema mas grandi cu a pone gastonan supera e suma presupuesta den pa 2023, ta aumento di manda pashentnan pa

hospitalnan den exterior, entre otro pa Colombia pero tambe pa Aruba.

Inicialmente ministerio di salud a presupuesta e gastonan aki di manda pashent pa exterior na 14 miyon euro cu ta 241.8 miyon florin pero awor ta resulta cu a supera e suma aki cu 8.8 miyon, pues e total di gasto pa e post aki, a bira e total di 258.9 miyon florin.

E situacion aki ta bolbe demostra cu realmente gobierno Hulandes simplemente no por exigi un manejo den cuida medico aki na Aruba estilo di 'Pietje Precies' ya cu semper tin situacionnan cu no ta bou control di AZV.

Pa algun tempo caba tin un control riba casonan di pashentnan cu tin cu biaha pa Colombia caminda cu restriccionnan cu tin caba, ta pone cu tin un lista di un cantidad grandi di ciudadanonan cu tin varios luna sperando pa biaha principalmente pa Colombia.

Hasta tin hende sperando riba aprobacion di AZV for di aña pasa y otronan cu tin 10 of 8 luna sperando pa sigui tratamento mas specialisa den exterior pero e control a bira mas estricto y tin cierto palabracionnan na cual AZV tin cu tene su mes na dje.

Minister Dangui Oduber ya caba a informa CAft cu su gobierno lo no logra na reduci gastonan den cuida medico pa 2023 na 60 miyon florin manera a ser palabra ya cu simplemente esaki no ta posibel sin cu ta perhudica grupo grandi di ciudadanonan cu ta rekeri tur tipo di atencion medico.

E situacion na islanan BES tambe ta confirma cu ni bou supervision Hulandes por tene e gastonan aki manera a wordo anticipa y presupuesta ya cu ta dificil pa cualkier gobierno evita cu hende lo bira malo caminda ta rekeri atencion medico specialisa.

Problema cu Hulanda no ta sclavitud

Ya cu Prome Minister Wever Croes II a firma pa Rijkswet

Parlamentario pa fraccion di AVP, sr Arthur Dowers ta muestra cu declaracionnan di Minister di Financia Xiomara Maduro na Hulanda relaciona cu e trato di Hulanda pa cu Aruba, no tin nada di haber cu sclavitud di pasado y tampoco moderno.

“Ta bisto cu e Minister di Financia ta gaña rabia y a basha su gal riba gobi-
erno Hulandes y pueblo Hulandes, tambe riba Secretario di Estado van
Huffelen, entre otro acusando Hulanda di ta trata Aruba manera esclavonon
manera den pasado. Sinembargo e declaracion aki ta otro intento
pa sconde tras di e gran fracaso di loke su Prome Minister Evelyn Wever
Croes a hinca pais Aruba aden pa loke ta introduccion di Rijkswet di super-
vision financiero.

Ta eyan e problema grandi ta sinta ya cu pueblo di Aruba awor tin cu
paga un interes demasiado halto pa prestamo ricibi durante di pandemia
di covid y tur esaki pa motibo cu Gabinete Wever Croes II, no kier cumpli
cu loke a firma p’e. Claramente por ripara cu tanto Prome Minister como e

Minister di Financia, ta ehecutando un plan pa
gana simpatia for di pueblo di Aruba, sabiendo
cu loke ta pasando na e momentonan aki, ta
un hecho cu e gobierno di MEP y RAIZ a bin
a haci for di algun aña caba, esta di palabra
algo cu Hulanda, pa despues pone esaki un
banda como si fuera nan no sa di algo. Desde
cu Evelyn Wever Croes a bira Prome Minister
di pais Aruba, el a bin ta firmando acuerdonan
cu Hulanda na tur momento cu e biaha pa
Den Haag sin cu e ta wordo acompaña pa un
miembro di su gobierno y ta sinta firma tur
loke gobierno di Rutte e pone su dilanti pa e
firma.

Despues e ta hunga rol di “yo no fui” pero ta
Evelyn ta e arkitecto di e problemanan aki,
hungando rol di laba man di tur cos, mientras
cu tanto su persona como Xiomara Maduro,
ta bon na altura kico nan a haci. Awor cu
Hulanda a bay di acuerdo pa impone un interes
di 6.9% riba cu Aruba a ricibi pa e situacion
di pandemia, awor kier hunga rol di victima
acusando Hulanda y van Huffelen di un trato
inhusto y hasta colonial.

Ta bon tambe pa muestra cu e acuerdo di refi-
nanciamiento di e ‘coronalening’ cu 6.9% di
interes, tambe tin firma di Prome Minister
Evelyn bou di dje pa despues nan bin hunga
rol cu ta Hulanda ta forsando nan gobierno di
haci esaki.

E situacion actual di pago di interes halto, no
tin nada di haber cu e trato di Hulanda ya cu
hasta siman pasa conseho di Minister di Reino
a bay di acuerdo pa cambianan presenta den
e ley di LAft, cual ley ta e propio gobierno di
Evelyn y Xiomara, a trata di manipula pa laga
CFT completamente for di e asunto aki, cual ley
ainda ta warda den lachi di Evelyn su oficina.
Awor ta mesun ley aki nan mester a bek pa
cambia esaki pa tene Hulanda contento pero
te ainda Prome Minister no a bin Parlamento
pa presenta e cambianan aki pa aprobacion
pero den e situacion dificil cu a hinca pais
Aruba, no a momento pa sigui sconde berdad
pa pueblo,” Parlamentario Arthur Dowers a
declara.

Polis a atende auto sospechoso band'i Sport Caribe

Diadomingo marduga, central a manda patruya na altura di ex-Sport Caribe ubica den Emmastraat, caminda cu security tabatin algo di bisa. Segun su declaracion, tabatin un auto Toyota Corolla colo cora, modelo bieu, caminda cu e copiloto tabatin un arma di candela. Central a indica tambe cu un patruya cu a pasa cerca a mira e auto.

Na e sitio, patruya a bin topa cu e Toyota Corolla colo cora, staciona. E auto menciona no tabata getint mientras cu por a mira cu e auto solamente tabatin su pasahero dilanti.

Mirando e denuncia a existi e homber pa sali for di e auto, cual e persona a cumpli cu ne tambe. Siguiete mente a rista e auto pero no a topa nada en particular, esey ta fuera cu e homber tabatin hopi herment den e auto y tambe den e bahul.

A rista e homber tambe. E homber a declara cu e tabata un security di un compania di seguridad y cu e mester vigila e localnan di e zona y cu ta traha n'e luga tur dia. A pone central na altura.

Polis a detene homber droga y agresivo

Diadomingo marduga, cerca di 6:15am, polis tabata patruyando den cercania di "The Olde Molen". E agentenan a mira un Mazda Demio colo blauw cu tabata haciendo sospechoso. E tabata circula direccion oost dilanti di "Olde Molen".

E auto dado momento a drenta den un caminda di tera, consecuentemente borando dos taira. A base di esaki, polis a haci seña pa e por para, cual el a haci tambe.

Den e prome contacto director cu e chauffeur, polis por a mira cu e tabata bao efecto di un ke otro substancia toxico. Esaki por a wak e na su wowonan cora y lenga diki ora e papia.

Ora cu polis a par'e, por a nota riba su dashboard dos saco di plastic transparente cu tabata contene substancia blanco similar na cocaina y un saco di plastic transparente u tabatin yerba bruin similar na marihuana. Ora a puntra e chauffeur, el a declara cu e tabatin piedra cu ne.

Fuera di esey polis a mira un saco di plastic transparente riba e asiento robes di e copiloto. Dicho saco di plastic tabata contene un cantidad di biyete y moneda.

E sospechoso a sali for di e auto den un forma agresivo y no tabata rasona. Siguietemente polis a informa e sospechoso cu lo detene pa posesion di droga. A gara su man drechi y a purba di hib'e tra'i su lomba pa boei e.

Ora a haci esaki, e homber a cuminsa tira mokete cu su man drechi den direccion contrario, caminda cu e polis a purba di hib'e. Pa kibra su resistencia, polis a dicidi traha tacticamente y violentamente a manda e sospechoso vloer. Eynan, a logra di control'e na un manera sigur y a pone na boei.

Den cuadro di esaki, a detene e homber M. n'e sitio y deteni pa sospecho di viola articulo 3 y 4 di e Landsverordening Verdovende Middelen y articulo 2:133 di Codice Penal di Aruba. A pone central na altura.

A tira tres estudiante Palestino na Burlington, Vermont

Posibel delito di odio vincula n'e conflicto di Gaza

Tres estudiante Palestino a resulta herida door di tiro cerca di e campus di e Universidad di Vermont, na Burlington (Vermont). E incidente a lanta preocupacion pa su posibel relacion cu e actual conflicto di Gaza y e autoridadnan ta investiga si e tiramento tabata motiva pa prehuicio anti-palestino.

E tiramento a tuma luga aproximadamente 6:25 di atardi ora cu e studiantenan tabata bayendo un dinner. Nan a enfrenta un homber colo cla arma cu, aparentemente, a grita insulto antipalestion prome cu el a cuminsa tira. Dos di e victimanan ta stabiel, mientras cu e di tres a sufri herida mas grave.

E tiramento ta cuadra cu un periodo di gran tension rond di e conflicto di Gaza. E reciente aumento di violencia den e region a provoca un aumento di e sentimento antipalestion den algun sector. Fuera di esey, e autor di e tiramento lo a ataca e victimanan precisamente pa nan origen etnico Palestino.

E tiramento a provoca indignacion y preocupacion entre e comunidad Palestino di Burlington y di otro luga. Hopi hende a expresa nan sosten n'e victimanan y nan famia. E alcalde di Burlington, Miro Weinberger, a condena e tiramento, cualificand'e di "incidente shoking y perturbador." E gobernador Phil Scott tambe a conden'e, insistiendo n'e habitanenan di Vermon na "uni contra e odio y violencia."

E Universidad di Vermont a emiti un comunicado caminda cu nan a expresa nan sosten n'e victimanan y nan

compromiso cu e seguridad di tur e studiantenan. E universidad tambe a aumenta e medidanan di seguridad den e campus.

E tiramento ta sigui ta bao investigacion y no tin detencion a tuma luga. Sinembargo e indicacionnan ta muestra cu por tabata motiva p'e prehuicionan antipalestino.

Ta comprendibel cu e comunidad local ta preocupa p'e posibilidad cu por produci acto nobo di violencia y e autoridadnan ta tumando medida pa responde n'e inkietud aki.

Bin bishita nos y probacha!

Paña di bon calidad na bon prijs.

Eric Ras(Curpa):

Partido Curpa ta e unico alternativa pa defende derechonan di e pueblo cristian

Dios ta e unico responsabel pa cambia e tempo y epoca. Tur cos tin nan tempo. Dios ta esun cu ta pone gobierno y ta kita gobierno. E vengansa ta bin di Dios. Rond mundo tin sucesonan ta tuma luga. E mentalidad socialista ya no ta pas den e tempo aki. Pueblonan a cansa di wordo maltrata pa gobiernonan cu durante campaña ta priminti shelo pero locual cu pueblo ta biba aden ta fierno.

A keda demostra cu e pueblo Cristian no por wordo dividi mas pa vota pa partido MEP of partido AVP. E no ta un opcion mas paso tur dos partidonan aki a gaña e pueblo Cristian y awe nos por mira e pueblo Cristian ta wordo hala un banda y no ta tene cuenta cu e FE Cristian. E 18.000 firmanan lo por representa 7 asiento ora di eleccion y cu un restzettel 8 asiento. E pueblo Cristian representa den Parlamento cu 7 a 8 asiento lo tin voz y lo tene cuenta cu e pueblo Cristian.

Nos por a scucha cu Miguel Mansur di accion21 ta bagat-elisa e 18 mil firmanan. Sr. Mansur a tene un encuesta na mei 2022 unda ta bisa cu 1200 persona a participa. Esaki ta representa kisas 1% di nos poblacion y aun asina e kier argumenta cu su encuesta si tin balor. E pueblo Cristian no tin nada contra preferencia sexual, locual cu e pueblo Cristian si ta contra ta cu kier dañu bida di nos criaturanan cu ta nos futuro generacion. Permiti pa bida di nos criaturanan

di entre 5 pa 8 año wordo dañu, mester wordo considera un delito y no discriminacion. Locual ta pasa den otro pais nos no mester permiti pa sosode aki na Aruba.

No ta por nada a bisa: *“laat onze kinderen, kinderen blijven”*. Laga nos muchanan keda mucha. Na Hulanda el a yega caba na scolnan y Hulanda ta e pais cu a traha riba e bukinan aki y a manda nan pa e Parlamento Europeo pa asina wordo parti den mas pais.

Esaki no ta un guerra contra ningun hende, pero si cu nos criaturanan ningun hende ta bin dañu nan bida. E agenda di Sustainable Development Goals ta bay asina leu di kita e poder di e mayornan di muchanan di bao di 15 año y hasta gobierno tin e poder pa laga kita nan organo sexual. Nos di partido Curpa no ta di awor ta lucha pa pone un fin na e acto diabolico aki y si nos pueblo no lanta y para y bisa ta basta na gobierno nos lo perde nos derechonan.

A cuminsa cu e geregistreerd partnerschap y awor kier matrimonio di mesun sexo y despues ta legalisa pedofil. Esaki ta e meta di e Sustainable Development Goals y World Economic Forum. Final di tur e cuenta aki ta cu nos lo perde nos libertad y privacidad. No lubida kico a pasa cu e truckers na Canada ora nan a nenga di tuma e vacuna. Nan cuenta di banco a wordo blokia. Na China tin camara di reconocimiento facial y asina bo comete un infraccion den trafico bo ta haya un boet y nan ta kita e placa di biaha for di cuenta di banco. Esaki ta e identidad digital caminda tin tur bo informacion y si bo protesta contra di gobierno nan blokia bo cuenta di banco.

Esaki ta locual cu nos gobierno ta aden. Partido AVP a firma esaki dia 23 di September 2015 y partido MEP a sigui cu n'e ora a firma pa CommonTrust Network cu nos prome minister a firma dia 17 december 2020. Aruba a bira e prome pais den Caribe pa join e World Economic Forum y mester introduci e paspoort digital. Ayo libertad.

Dios ta stima tur hende pero e no a stima pica. Tin un diferencia entre pecadornan y e malvadonan. E pecador ta haya un chens pa arepentí pero e malvado no. Locual cu pa hende ta muestra imposibel pa Dios e ta posibel. Nos ta den e tempo pa confia den Dios cu ta transforma tur locual cu pa nos bista ta muestra imposibel bira posibel. Esaki ta e tempo di Dios y no di politiconan. Partido Curpa ta e unico alternativa.

Minister Maduro na ocasion di entrega di Cuenta Anual 2019 na ARA:

E presentacion di Cuenta Anual 2019 a conoce cambionan

Ta prepara pa por haya un declaracion di accountant riba Cuenta Anual 2026

Recientemente Minister Maduro di Finansa a haci entrega di e Cuenta Anual di Pais Aruba pa aña 2019, na Algemene Rekenkamer Aruba (ARA). E mandatario a splica cu e Cuenta Anual 2019 ta contene cambionan importante pa asina por forma e fundeshi necesario pa por haya un declaracion di accountant riba e Cuenta Anual di Aña 2026.

Na e ocasion aki Director di Departamento di Finansa, sr. Derrick Werleman, a brinda un splicacion di e cambionan mas importante.

Entre nan, Cuenta Anual 2019 ta contene e resultado di e 'nulmeting' haci pa Centrale Accountantsdienst CAD y tambe ta contene e cambionan den balans a causa di e 'balansverschoning' cu a tuma luga den aña 2019. E balans ta conoce un otro particion y presentacion ya cu por ehempel ta saca afo e 'verjaarde vorderingen.'

E cambionan aki a causa retraso den e trabounan pa finalisa Cuenta Anual 2019, pero nan ta necesario. Ta cambionan cu ta brinda e base cu lo yuda pa e cuentanan anual di Pais Aruba den un futuro cercano por bay conta cu un 'accountantsverklaring' cu ta certifica cu e cifranan presenta ta real y wordo compila ta conforme e standardnan internacional di raportahe.

Pa awo tur esfuerzo ta dirigi pa asina e Cuenta Anual di aña 2026, conforme palabracion den e Protocol di aña 2018 entre Aruba y Hulanda, por ricibi un declaracion di Stichting Overheidsaccountantnbureau SOAB cu por certifica cu e cifranan den e Cuenta Anual 2026 ta corecto y ta duna un bon bista di locual a pasa den e aña eynan.

Recientemente e autor multifacetico Quito Nicolaas – a ricibi e grato noticia cu na La Paz, Bolivia, e buki cu su obranan eligi a keda publica. Esaki despues cu e a keda invita pa manda su obranan – segun e criterionan di e organisacion – pa ser husga door di un comision. Ta trata di e proyecto Psycho poesia – cu lo uza na scolnan secundario di Bolivia. Tabata un encargo hopi dificil pa cumpli cu ne, debi cu via di otro medionan bo ta cera conoci cu e diferente areanan di e medio ambiente y problemacia di Bolivia cu door di un poblacion creciente, no tin suficiente espacio pa nan deshaci di nan desperdicio. Sin embargo uzando su conocimiento di e materia y creatividad, e autor a logra di describi den su obranan e naturalesa y dilema cu e poblacionnan ta confrontando

Anteriormente na Juli di e aña aki a sali riba mercado e buki – Un Canto Planetario – consistiendo di dos tomo. Den e buki aki e ensayo di e autor encuanto Cambionan Climatologico den America Latina a sali publica. Aunke e situacion na America Latina ta completamente diferente cu esun di e.o. Estados Unidos, Union Sovietico, Europa, China, kendenan ta esnan cu ta causante di e problemanan aki. Na dicho continente di America Latina nan tin di enfrenta e problemanan di pobreza, educacion y infraestructura. Mester stimula un consciencia bou di e poblacion pa asina nan ta alerta den e ambiente cu nan ta bibando y e riesgonan cu esaki ta trece cu ne pa futuro generacionnan. Y mester persigui un desaroyo economico, pa yega na un situacion di estabilidad.

Den su ensayo e autor – Quito Nicolaas – ta muestra entre otro riba e fabricanan bieu, normanan aplica pa cu e forma con ta afecta e clima y con por evita esaki. Pero tambe e custumber di e forma con e habitantenan ta anda cu

e desperdicio di sushi. Con a lo largo esaki ta contamina e awa cu un tempo tabata bunita pa hunga aden y cu ta bira un menasa despues di tempo. Of un playa unda antes e hobennan tabata hunga, awor mester a traha luga pa un fabrica cu su chimenea bin den su luga. E encargo tabata pa skirbi over di un tema, cu ta pone e alumnonan pensa, refleha y forma un punto di bista pa futuro di nan pais. Mester bisa si cu e caso di America Latina ta diferente cu esun di e islanan Caribense. Sin embargo den Caribe tambe nos mester ta prepara pa cualkier eventualidad y no laga esaki sorpresa nos, pasobra e ora ey nos ta laat caba.

Cambionan climatologico

Na Aruba tambe nos por cuminsa riba un escala chikito. Por ehempel no cana cende luz den e cambernan y bira sali laga nan cende. Of habri e cranchi awa hanchu habri djis pa laba un telep. Aunke cu gas ta barata na Aruba, no cushina tur siman un stoba cu mester herbe e carni pa oranan. Ta bon cu e economia di Aruba no ta basa pa un gran parti riba fabricanan y industrianan cu ta polucion e aire. Sin

embargo a base di e grandura di nos pais, mester inventarisa tur e medidanan cu por tuma pa garantiza un clima stabiel pa e proximo decadanan. Mester evita cu den futuro e daño di nos medio ambiente lo costa miyones pa reduci e efectonan. Pues nos mester ta mas racionalisa den nos conducta y custumbenan.

Por lo general por conclui cu e ser humano mester adapta su manera di biba, come y cumpra. Semper e habitantenan a custuma di gasta placa na p.e. artefactonan, paña pa bisti, articulonan di consumo cu no mester di dje directamente. Pero djis pa saca cen of pa cumpra algo pa satisface nan gana na fin di luna.

Sin embargo nos tin corda riba futuro, con e chikitin nan di awendia, ki futuro nan lo tin. E autor a agrega cu p'e tabata un inmenso placer di por a contribui di e manera aki pa spierta y conscientisa e pueblo Latino. Proximamente e autor lo ta na Aruba pa participa na e conferencia di CARAN na Universidad di Aruba, unda e lo duna un charla over di Idioma & Identidad.

Minister di Finansa ta informa:

Retraso debi na varios factor

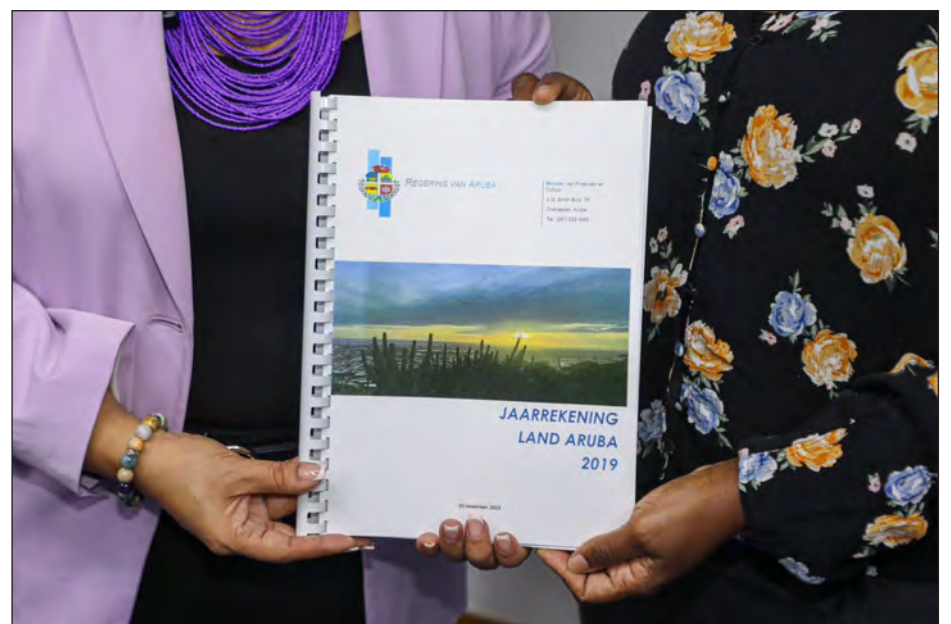

Minister Maduro a splica esnan presente cu e Cuenta Anual 2019 ta wordo entrega cu retraso debi na varios factor. E cifranan di año 2019 lo sirbi como base pa por yega na un declaracion di accountant pa e Cuenta Anual di año 2026. Pa esaki trabounan di 'nulmeting' y tambe di 'balanssanering' mester a tuma luga den año 2018 y 2019 prome cu por a bay over na compila e Cuenta Anual pa Año 2019. Banda di esaki e 'lockdown' den pandemia a trece retraso den e trabounan den año 2020 y 2021. Mester menciona cu e impasse riba e aprobacion di e Cuentanan Anual di año 2016 y año 2017 pa Parlamento di Aruba, tambe a trece retraso grandi den e trabounan pa por a finalisa e Cuenta Anual di año 2019. Por ultimo, e aplicacion riba cual e administracion financiero di Pais Aruba ta draai, GFS/EnterpriseOne, tambe mester a haya su 'upgrade' na comienso di año 2023 y esaki a trece cu ne un retraso di algun luna.

Pa fin di año 2024 ta spera pa recupera e retraso

E mandatario encarga cu Finansa a sigui splica cu pa fin di año 2024 ta spera di por recupera e retraso den compilacion di cuentanan anual di Pais Aruba, segun e siguiente schedule. Cuenta Anual di Año 2020 ta premira pa wordo entrega na ARA na februari 2024. Cuenta Anual di Año 2021 ta premira pa yega na ARA na juni 2024. Cuenta Anual di año 2022 ta premira pa september 2024 y Cuenta Anual di año 2023 lo por wordo entrega na ARA na December 2024. Di e manera aki Minister Maduro ta spera di por cera e ciclo presupuestario di e añanan correspondiente.

Ta gradici ARA pa nan pasenshi y bon cooperacion

Minister Maduro a haci uzo di e oportunidad pa asina gradici ARA pa nan pasenshi pa por a warda pa e trabounan pa compila Cuenta Anual 2019 por a keda cla. E mandatario ta gradici e team di Departamento di Finansa y tur otro persona

y instancia cu a coopera pa asina Cuenta Anual 2019 por a keda termina. Minister Maduro ta desea e team di ARA hopi exito pa e trabounan cu awo lo sigui pa constata cu si e fondonan cu Parlamento a aproba pa Gobierno traha cune, a wordo uza na un manera legal y pa e meta pa cual a duna aprobacion.

ELMAR su Open Dag a muestra compromiso na comunidad

Y innovacion den distribucion di energia

ELMAR a habri su porta pa comunidad pa un Open Dag memorabel teni riba 25 di November. E evento, organisa pa empleadonan boluntario, a marca un ocasion importante unda e compania a muestra su trabou. E Open Dag ta un compromiso di ELMAR pa involucra e comunidad Arubano. Tur bishita tabata tin e oportunidad unico pa interactua cu e Team di ELMAR, haci preguntanan, haya conocemento tocante consumo di energia, distribucion di coriente y practicanan di seguridad. Un danki di curason ta bay na tur e mayornan cu a trece nan yiu pa participa den e experiencia educativo aki.

Un di e momentonan cu a sobresali durante e evento tabata e booth di demostracion di Meter & Connections, unda bishitantenan a keda asombra di descubri e gran diferencia den uzo di energia entre aparatonan di uzo diario. Nan a presencia e comparacion entre e consumo di un blow dryer (13 amper) y e uzo minimal di un luz LED (1-2 amper). Mediante e smart meters di ELMAR a laga e bishitante ta mas consciente tocante nan habitonan di consumo di energia.

Un otro momento memorabel a tuma luga na e booth di demostracion di Overhead Lines, unda lineman di ELMAR a participa den un competencia di subi pole di coriente, must-rando nan experiencia den e metodo tradicional uzando harnas y spoor pa sirbi y colga na e poste di coriente.

E booth di demostracion di Underground Cables y Grid Quality Management a duna demostracion di un kabelstoring y un bista di e consecuncianan cu un kabel por sufri door di

causa tercero. Por ehempel ora un persona dal un kabel cu piek cu no a causa interrupcion inmediato, pero si daño na e kabel unda cu despues di tempo door di awasero y vocht cu a drenta kabel na e area afecta a causa un kabelstoring.

Un tributo special a wordo dedica na “100 Aña di Distribucion di Energia na Aruba” atraves di un exhibicion pa sr Steve Francees, detayando e trayecto historico di distribucion di energia riba nos isla. E exhibicion informativo aki a conmemora e evolucion y progreso di distribucion di energia na Aruba.

“Nos ta sumamente agradecido na nos empleadonan, colaboradonan, mayornan y comunidad pa nan apoyo y participacion den haci nos Open Dag un experiencia notabel. Ta un privilegio pa nos sirbi e comunidad Arubano y eventonan manera esaki ta subraya nos compromiso pa transparencia, educacion y innovacion den distribucion di energia,” Anthony Itrausquin, Director di ELMAR a vocifera.

ELMAR ta yama un danki na tur persona cu di un of otro forma a contribui na e relansamento di e Open Dag di ELMAR. Nos ta desea di extende un danki special na e comitee organisaado cu a traha duro pa organisa e Open Dag, nan esfuersonan ta wordo aprecia grandemente pa nan dedicacion.

ELMAR lo continua cu e iniciativa aki den futuro, esaki ta e prome paso pa continua cu mas Open Dag pa sigui involucra e comunidad Arubano y duna tur bishitante e oportunidad unico pa interactua cu e Team di ELMAR.

Fortaleza pa Famia

Capricho y duresa di curason ta personalmente destructivo

TA conoci pa nos tur, mescos cu hende ta persevera pa haci bon, di otro banda tin hende ta persisti pa haci malo. Mescos cu hende ta haci tur nan posibel pa construi, tin hende di otro banda, cu sa bon, bon cu ta malo nan ta haci, ta sigui cu nan plan destructivo.

Mantene un capricho ta mescos cu purba wanta biento di bo man, pasobra bo sa cu bo man ta bashi, pero toch bo ta kere cu bo tin algo, pero tur hende sa cu bo no tin nada.

Capricho ta algo temporal, cu ta parece bunita, pero na final ta dolor y decepcion ta bini hunto cu ne.

Dios den su palabra ta spierta tur hende di capricho y duresa di curason bisando: Ma pa motibo di bo capricho y bo curason cu no kier arepentí, bo ta montona furia pa bo mes den e dia di furia y revelacion di e huicio husto di Dios. Kende lo paga cada ken segun nan obranan (Romanonan 12:5)

Nos tur mester arepentí di nos picanan, pidi Dios pordon, kere den Cristo Hesus pa nos ta salba, y biba un bida den boluntad di Dios.

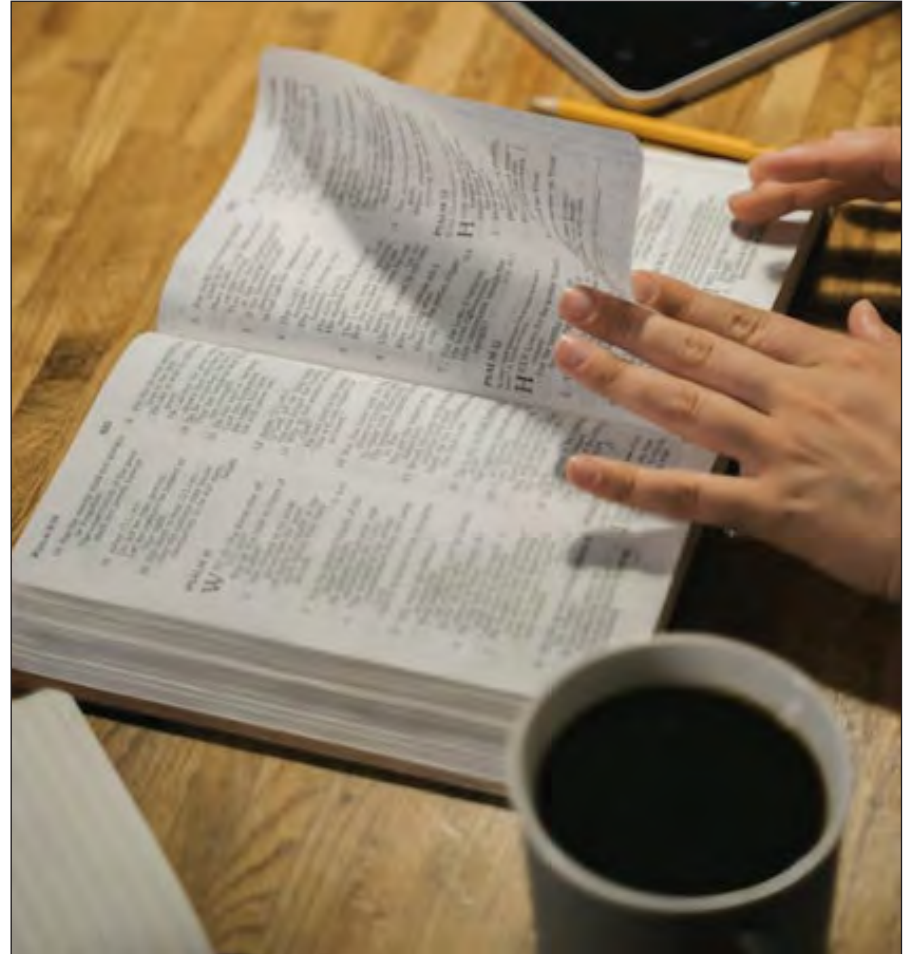

Pasobra salvacion ta personal pa un y tur, y Hesus t'ey tur momento pa nos tur, pasobra Hesus mes a bisa y ta para skirbi den Mateo 11:28: Bin cerca mi tur cu ta cansa y carga y lo mi duna boso sosiego.

Aki nos ta compronde cu tin cosnan den nos bida, cu ta solamente cu nos yegada cerca Hesus, nan por wordo kita pa semper, nan por wordo derota pa medio di e presencia di Cristo Hesus den nos bida, pasobra ni maske cuanto nos bira rond y tarda, haci manera nos mes por yuda nos mes, nada lo no cambia.

Hopi biaha hende ta purba reemplasa e bashi di Dios den nan bida afiliando nan mes den cierto gruponan, caminda nan por vocifera nan pensamiento contra Dios y contra su palabra, y net eynan nan ta demostra e falta di presencia di Cristo den nan bida.

Hesus a bisa esun cu no ta cu Mi, ta contra Mi y esun cu ta contra mi ta plama.

Nos tur sa cu esun cu reconoce Cristo aki na tera, lo wordo reconoci pa Su tata cu ta den cielo. No ta existi shortcut

pa yega cerca Dios, ta un caminda tin pa rico y pover, sabi y menos sabi, grandi y chikito. gordo y flaco, homber y muhe, tur mester yega na Cristo Hesus pa nan por hereda e reino di Dios.

Ora nos curason ta duro y nos no kier pordona, nos no kier tende, nos ta pretende di ta sabi y di sa tur cos, pero nos no kier acepta Palabra di Dios den nos bida, cual ta trece felicidad den nos bida, di berdad, berdad, nos ta montona furia di Dios pa nos mes.

Dios tin pasenshi y no kier pa ningun hende bay perdi, pero pa tur hende por bin na arepentimento. Nos tin cu comprende cu cada dia nobo, ta un dia mas cerca e binida di nos Señor Cristo Hesus, y mas nos por persisti den e mundo di scuridad nos chens di keda atras ta hopi grandi.

Tur locual hende sembra nan lo cosecha (Galationan 6:7).

Laga awe ta e dia pa bandona tur capricho y duresa di curason, un dia pa arepentí.

Si nos confesa nos picanan, Dios ta fiel y husto pa pordona nos, nos picanan, y pa limpia nos di tur inhustia (1 Juan 1:9).

Den Memoria di Francisco 'Tico' Kock

Un Berdadero Embahador di Hospitalidad Arubiano

MICHAEL S LONGOTT

CU un sentido di tristesa pero alabes cu gratitud profundo, e ekipo di Aruba Tourism Authority (A.T.A.) ta uni su mes na e sentimento di e sector turistico y e comunidad di Aruba cu e fayecimento di Francisco 'Tico' Kock. Tico tabata un musico talentoso y un persona sumamente keri, cu a dedica mas di tres decada pa alegra bishitantenan riba nos isla.

Conoci pa su felicidad contagioso su disposicion pa yuda, Tico tabata un berdadero embahador di hospitalidad Arubiano. Loke a cuminsa como un pasion banda di su trabou den hotel, a evoluciona den un compromiso full-time pa trece alegria door di su steelpan na nos bishitantenan. Durante di e añanan, miles y miles di nos bishitantenan por a gosa di Tico su musica na varios sitio rond di nos isla, sea ta na nan yegada na aeropuerto, na waf, na hotelnan of na restaurantnan.

A.T.A. semper por a conta cu colaboracion y cooperacion excepcional di Tico, kende hopi biaha tabata brinda entretenimento na nos bishitantenan, sin spera nada bek a cambio. Su talento tabata incomparable. Tico semper

a mantene su mes na altura di e ultimo tendencianan musical y semper tabata añadi e ultimo cancionnan na su repertorio riba steelpan, cu tabata wordo aprecia pa nos bishitantenan. Tico su dedicacion na puntualidad y servicio excelente a haci dje un ehemplo briyante di e spirito Arubiano.

Tico tabata un hende di tur hende y un shon di hende. Pa A.T.A. tabata un placer y privilegio pa conoce y traha cu Tico. Di curason, A.T.A. ta extende palabranan di condolencia y forsa na Tico su famia, amistadnan, e sector turistico y tur persona cu tabata afortuna pa conoce Tico.

Cu e legado di Tico, yena cu devocion y su pasion artistico, continua na inspira nos tur. Nos mas sincero condolencia na esposa, Prisca Kock, y yiunan Ranson y Rygel, durante e momento dificil aki.

Nos ta spera cu nan por haya consuelo den e sentimento di orguyo pa e persona extraordinario cu Tico tabata. Nos pensamento ta bay na famia y amigonan di Tico cu perdida di un persona tan admira.

Mi no a muri, Ta pesey mi no a bisa ayo.
Mi a habri mi halanan bunita y silenciosamente a bula
bai na mi lugar di sosiego cerca mi Tata Celestial Boso
a keda atras. No laga tristeza domina boso, keda den
union cu otro pa mi alma. Esey lo ta un alegria pami.

Cu inmenso dolor y tristeza den nos curason pero
agradecido pa tur locual e la significa pa nos, nos ta
anuncia cu a bay drumi pa semper den brasa di Señor
nos esposo, tata, welo, ruman, omo, subrino, sua y

HOH'S FIRST CARNIVAL QUEEN ELECTION

DARLENE LAVEIST IS THE CARNIVAL QUEEN FOR CARNIVAL 70 AT HOH

For the first time, the Hospital organizes a carnival queen election

Darlene Laveist is the Carnival Queen for Carnival 70 at HOH

HORACIO Oduber Hospital organized its first carnival queen election, and the ultimate winner was none other than Darlene Laveist, a colleague representing the Human Resources department. Besides becoming HOH's first carnival queen, Darlene also took home the title of Best Show. It was a night filled with creativity, talent, camaraderie, and a carnival atmosphere, where six colleagues representing various departments of HOH showcased their talents.

The event kicked off with an exciting opening at Centro di Barrio Playa Pabou, and the festive atmosphere continued until late, concluding with a Jump-In! Congratulations are also in order for ICU colleague Jourainne Halabi, who, in addition to being the first runner-up for HOH Carnival 70, received the Best Dress award. A2 department colleague Roldemn Mayol received the Best Speech award and the Most Popular award.

After weeks of intense training, dedication, and many beautiful moments, the much-anticipated night arrived. Six strong candidates registered and were ready for the final night: Mikhaéla van Oostveen from LABHOH, Jourainne Halabi from ICU, Derlis Pietersz representing the A4 Oncology Internal department, Georgina Marshall from Dialysis, Darlene Laveist from Human Resources, and Roldemn Mayol representing the A2 department.

Following the opening statements, each candidate delivered a heartfelt speech for all present, especially their colleagues. They then proceeded with

their campaign shows for their HOH colleagues, filled with ambiance and creativity. This was evident in their shows and also in their dance performances, where they had to use recycled materials, capturing the spirit of the Hospital that reigned in each show. Centro di Barrio Playa Pabou was completely packed, where each queen had substantial support.

In addition to the carnival atmosphere, the spotlight shone during the break on colleague Jesseline Leon-Tromp, a graphic designer at HOH in the communication department, who received the beautiful recognition as the Employee of the Month for November. There was also a presentation by HOH's Prince Semper and Pancho, creating an ambiance throughout the night. Thus, it was

a night filled with carnival spirit, dance, elegance, creativity, and camaraderie, ending with a Jump-In!

Thanks go to the Hospital Carnival Group queen committee, who worked tirelessly for months to make this night a success! Their hard work is truly admirable. Also, thanks to the Board of Directors, who believed in this project from the beginning, and not forgetting to express gratitude to the sponsors Seasons & Beyond and Triamedical for their contributions. A heartfelt thank you to everyone who contributed in one way or another to make this night possible, and finally, thanks to the six reigning colleagues who registered and put on a tremendous show for the enjoyment of the audience. Each one of you is fantastic!

Minister of Finance Informs:

Aruba's annual accounts for the year 2019 delivered to the general auditor

By the end of 2024, efforts are expected to recover the delay in compiling Aruba's annual accounts

MINISTER Maduro of Finance, accompanied by the Director of the Department of Finance, Mr. Werleman, was at the General Auditor of Aruba, known as Algemene Rekenkamer Aruba (ARA), to deliver Aruba's Annual Accounts for the year 2019 to the President of the General Audit Chamber of Aruba, Mrs. Croes-Williams. The delivery took place in the presence of ARA Secretary Mrs. Curret and ARA College member Mr. Samson.

Delay due to various factors

Minister Maduro explained to those present that the Annual Accounts for 2019 are being delivered with a delay due to various factors. The figures from the year 2019 will serve as the basis for obtaining an accountant's statement for the Annual Accounts for the year 2026. For this, 'zeroing' and 'balance cleansing' activities needed to take place in 2018 and 2019 before compiling the Annual Accounts for the year 2019. In addition to this, the lockdown during the pandemic caused delays in the work in 2020 and 2021.

It should be mentioned that the impasse on the approval of the Annual Accounts for 2016 and 2017 by the Parliament of Aruba also brought significant delays in completing the Annual Accounts for the year 2019. Finally, the application on which Aruba's financial administration runs, GFS/EnterpriseOne, also needed its upgrade in early 2023,

causing a delay of several months.

Hoping to recover the delay by the end of 2024

The Finance Minister stated that by the end of 2024, efforts are expected to recover the delay in compiling Aruba's annual accounts, following the schedule below. The Annual Accounts for the year 2020 are scheduled to be delivered to ARA in February 2024. The Annual Accounts for the year 2021 are scheduled to arrive at ARA in June 2024. The Annual Accounts for the year 2022 are scheduled for September 2024, and the Annual Accounts for the year 2023 can be delivered to ARA in December 2024. In this way, Minister Maduro hopes to close the budgetary cycle of the respective years.

Thanks to ARA for their patience and good cooperation

Minister Maduro took the opportunity to express gratitude to ARA for their patience in waiting for the completion of the work to compile the Annual Accounts for 2019. The minister appreciates the team from the Department of Finance and all other individuals and entities that cooperated to ensure the completion of the Annual Accounts for 2019. Minister Maduro wishes the ARA team much success in the upcoming work, ensuring that the funds approved by Parliament for Government use have been utilized in a legal manner and for the intended purpose for which approval was granted.

CENTRO di Bario Savaneta invites you to our Christmas Bazaar. As a tradition for several years, we organize this event in early December for the Aruban community.

This year's Christmas Bazaar will take place on Saturday, December 2, 2023, from 6:00 pm to 10:00 pm.

The Bazaar will feature a variety of products, including Christmas decorations, sweet treats, handmade crafts, ponche crema, and much more. Don't forget to visit our bar and kitchen for delightful snacks during the festive season

Entertainment is guaranteed with theater performances and dance shows by our talented youth under the guidance of Ferdinand Franca.

Dj Oasis will also be there to keep everyone entertained, along with Tipico Rooi Koochi, and the evening will conclude with Aguinaldo Flor di Pasco.

Centro di Bario Savaneta invites the entire Aruban community to join us for a pleasant time with family and friends, enjoying the sweet atmosphere of the holiday season.

Cultivating Gratitude:

A Path to Inner Peace and Joy

AMID our daily lives amidst the hustle and bustle of our routines and responsibilities, it's easy to lose sight of the simple blessings surrounding us. We often find ourselves caught in a whirlwind of expectations, chasing after external achievements and seeking validation from others. However, true happiness and fulfillment lie not in external pursuits but in cultivating an inner sense of gratitude and appreciation.

Gratitude is a powerful force that can transform our lives. It's not about ignoring the challenges and hardships that inevitably arise but rather about shifting our perspective and recognizing the good in our lives, even amid difficulties. Cultivating gratitude opens us to a more profound sense of peace, joy, and contentment.

One of the simplest yet most profound way to cultivate gratitude is to practice mindfulness. Mindfulness involves paying attention to the present moment without judgment and appreciating the ordinary moments in our lives.

Take a moment to notice the sun's warmth on your skin, the taste of your food, or the sound of birdsong. These simple

acts of mindfulness can anchor us in the present moment and help us appreciate the beauty surrounding us.

Another way to cultivate gratitude is to keep a gratitude journal. Each day, take a few minutes to reflect on what you're grateful for. It could be something as simple as a kind word from a friend, a beautiful sunset, or a warm meal. Writing down these blessings reinforces your gratitude and helps you appreciate the positive aspects of your life.

Expressing gratitude to others is also essential in cultivating this positive emotion. Take the time to thank those who have made a difference in your life, whether it's a family member, a friend, a colleague, or even a stranger who held the door open for you. Expressing gratitude strengthens your relationships and reinforces your sense of appreciation.

Cultivating gratitude is not a one-time event; it's an ongoing practice that requires conscious effort and attention. By incorporating gratitude into our daily lives, we can transform our perspectives, cultivate inner peace, and experience greater joy and fulfillment.

Good Governance and Its Significance in Aruba

GOOD governance is an essential aspect of any nation's development and progress. It encompasses a range of principles and practices that ensure transparency, accountability, participation, and the rule of law in the decision-making processes that affect a country's citizens. In the context of Aruba, good governance is particularly crucial given its small size and reliance on tourism as a primary economic driver.

Transparency and Accountability

One of the cornerstones of good governance is transparency, which involves making all government activities and decisions public in a clear and accessible manner. This allows citizens to understand how their tax dollars are being used and hold their elected officials accountable for their actions. Aruba has made strides in improving transparency, but there is still room for improvement. For instance, the government could make more public information available online and proactively disclose information about its activities.

Accountability

Accountability is another critical aspect of good governance. It refers to the mechanisms that ensure that government officials are responsible for their actions and can be held accountable for wrongdoing. Aruba's system of checks and balances, including the judiciary and the media's role, helps promote accountability. However, recent concerns have been raised about the independence of these institutions.

Participation

Effective governance requires the participation of all citizens in the decision-making processes that affect their lives. This can be achieved through various mechanisms, such as public consultations, elections, and civic engagement initiatives. Aruba has a relatively active civil society, but more can be done to encourage broader participation from all population segments.

Rule of Law

The rule of law is the foundation upon which good governance rests. It ensures that all citizens are treated equally and that no one is above the law. Aruba has a robust legal

system, but there have been instances where the rule of law has been challenged. For example, recent reports have highlighted concerns about the independence of the judiciary.

Perceived Failures of Good Governance in Aruba

Despite some progress in recent years, there is a perception among many Arubans that the government needs to uphold the principles of good governance.

This perception is fueled by several factors, including:

- A lack of transparency and accountability in government decision-making
- Concerns about corruption and cronyism
- A decline in public trust in institutions
- A perceived lack of responsiveness to the needs of citizens

These concerns have led to growing disillusionment with the government among the Aruban population. Addressing these concerns and restoring public trust in government will require a concerted effort from all stakeholders, including political leaders, civil society organizations, and the media.

Good governance is essential for Aruba's continued development and prosperity. By upholding the principles of transparency, accountability, participation, and the rule of law, the government can rebuild public trust, foster economic growth, and ensure a more equitable and just society for all Arubans.

The Intricate Dance of External Perceptions in Our Lives

IN a world where interconnectedness thrives and opinions echo through the corridors of our existence, the influence of others on our lives is undeniable. Human beings, by nature, are attuned to the thoughts and judgments of those around them, often allowing external perceptions to sway their emotions and decisions.

Enter the delicate realm of societal influence—a nuanced dance where the dramatic tiptoe between self-perception and public opinion takes center stage. It's a phenomenon not uncommon in the grand theater of life, where the applause of acceptance and the whispers of criticism compose the symphony of our daily interactions.

The spotlight on external validation can be both empowering and perilous. As social beings, we naturally seek connection and approval, deriving a sense of identity from the reflections we see in the eyes of others.

However, the drama unfolds when this quest for acceptance overshadows the pursuit of authenticity, leading individuals to mold themselves into the characters they believe will garner applause rather than staying true to their core.

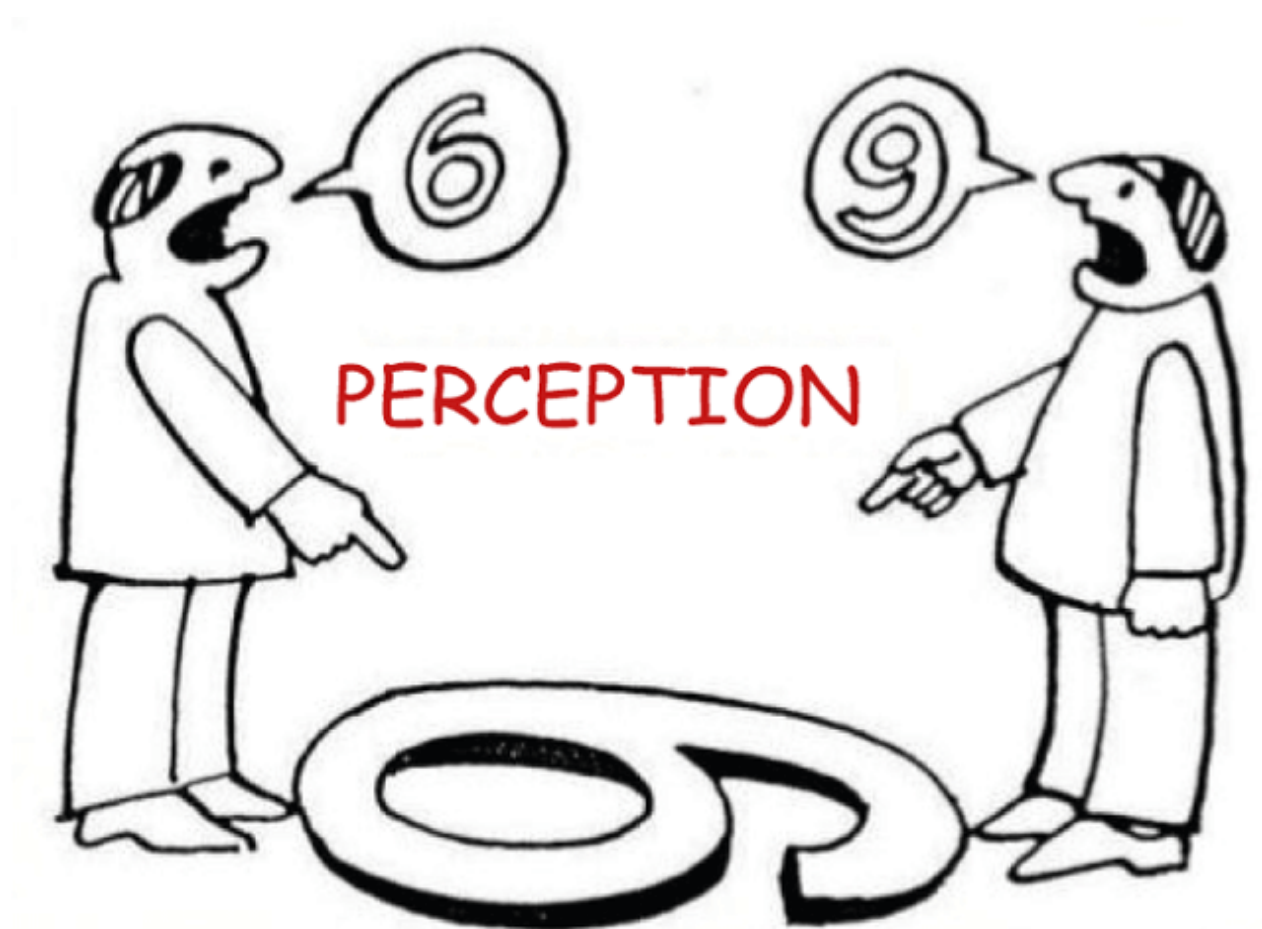

This intricate dance often plays out on the stage of social media, where

curated personas and filtered glimpses into our lives become the script for the narrative we present to the world. The allure of validation through likes and comments fuels the drama, creating a cycle of dependence on external affirmation.

Yet, amid the theatrics, a critical question arises: Can we rewrite the script? Can we seize control of our narrative and step out from the shadows of societal expectations? The answer lies in striking a balance—a delicate choreography that embraces external feedback while recognizing the importance

of an authentic self.

This dramatic tale, finding equilibrium becomes the protagonist's quest—a journey marked by self-awareness, resilience, and the courage to break free from the clutches of societal scripts. As the curtains rise on each new day, individuals navigate the fine line between embracing the influence of others and preserving the integrity of their unique storyline. The drama continues, a captivating narrative where self-discovery and authenticity take center stage in the grand production of life.

Trailblazers of Triumph:

Unleashing Genius through Self-Taught Mastery

THE realm of accomplishment, a breed of luminaries emerges, rewriting the narrative of success without the traditional ink of formal education. These self-taught individuals, defying norms and expectations, illuminate the path to unparalleled triumphs across diverse fields.

At the forefront of this extraordinary cohort stands the late Steve Jobs, the enigmatic co-founder of Apple Inc. His indelible mark on the tech landscape was not etched in lecture halls but in the crucible of self-directed learning. Jobs, a maverick in computer science and design, wielded the sword of innovation with an edge honed through an unquenchable thirst for knowledge.

In the boundless expanse of entrepreneurship, Elon Musk emerges as a phoenix of self-taught brilliance. The visionary behind Tesla and SpaceX, Musk's journey defies the conventional trajectory of a formal education. His prowess in engineering and business is a testament to the untamed spirit of a mind unleashed through self-directed mastery.

Step into the cinematic arena, and Sylvester Stallone's name blazes across the screen. A maestro of thespian arts and screenwriting, Stallone's ascent wasn't paved by drama schools but by the relentless pursuit of his craft. His self-taught journey, marked by tenacity and grit, echoes the triumph of an artist sculpting his destiny.

Venturing into the heart of the wild, Jane Goodall swings into focus, a self-

taught luminary in the realm of primatology. Her groundbreaking work with chimpanzees wasn't scripted in academic corridors but unfolded amidst the dense jungles of Africa. Goodall's story resonates as a hymn to the power of self-driven exploration and discovery.

In the scientific cosmos, the name Michael Faraday sparkles as a star of self-taught brilliance. His contributions to electromagnetism and electrochemistry weren't chiseled in the ivory towers of academia but forged in the crucible of unbridled curiosity and relentless self-education.

Finally, Malala Yousafzai emerges from the shadows, a Nobel laureate and education activist. Her story tran-

scends the conventional narrative, navigating through the perilous landscape of a Taliban-burdened region. Malala's resilience and self-taught journey underscore the transformative power of education pursued against all odds.

These titans of self-directed learning illuminate a paradigm shift in the definition of success. Their stories resonate as a clarion call to embrace the untapped potential within, transcending the confines of formal education. In a world where knowledge knows no bounds, these self-taught luminaries stand as beacons, proving that the journey to greatness can be self-penned, scripted in the ink of passion and perseverance.

OpenAI Unveils Q*:

The Quantum Leap in AI Development

A recent turn of events, OpenAI has set the tech world abuzz with rumors of a groundbreaking AI development labeled as Q*. The enigmatic project, shrouded in mystery, has sparked speculations about a potential leap towards Artificial General Intelligence (AGI). While the details remain elusive, clues surrounding the project have ignited curiosity and fueled discussions across social media and mass media platforms.

The name Q* itself has become a focal point of intrigue.

Drawing parallels with famous cinematic mysteries, akin to “Rosebud” in Citizen Kane, the notation Q* prompts speculation about its significance in the realm of AI. The capital letter Q is hinted to be linked with Q-learning, a crucial AI technique rooted in reinforcement learning. The accompanying asterisk or star symbol suggests a quantum leap, indicating a significant advancement in Q-learning or a variant thereof.

Q-learning, known for its trial-and-error, model-free, and off-policy approach, is used to make decisions adaptively. The asterisk, historically associated with mathematical concepts like V^* and A^* , implies a supersized or enhanced version of the base algorithm. In the context of Q*, it raises the possibility of a highly evolved Q-learning model, potentially pushing the boundaries of AI capabilities.

Despite rampant speculation, the precise nature of the AI breakthrough and its proximity to AGI remain undisclosed. Some believe Q* signifies a major stride toward AGI, while others caution against inflated expectations, suggesting it might represent a promising step in that direction.

As the tech community eagerly awaits further revelations, the Q* mystery serves as a reminder of the challenges in deciphering the trajectory of AI advancements. Whether Q* proves to be a transformative breakthrough or a step towards a broader AI landscape, only time will unravel the secrets behind this intriguing development.

Researchers at UC San Francisco Help Paralyzed Woman Communicate Again

A remarkable breakthrough, researchers at the University of California, San Francisco (UCSF) have developed an artificial intelligence (AI)--powered system that has restored the ability to speak to a woman paralyzed for over a decade. The system, which combines brain-computer interface (BCI) technology and AI algorithms, translates the woman's thoughts into synthesized speech, enabling her to communicate with others after years of silence.

The woman, known as Ann, lost her ability to speak due to a spinal cord injury. Despite her paralysis, she remained mentally sharp and engaged, but her inability to communicate caused significant frustration and isolation.

The UCSF team, led by Dr. Krishna Shenoy, sought to address this challenge by developing a system that could bypass Ann's physical limitations and allow her to express herself verbally.

The system has two main components: a BCI recording Ann's brain activity and an AI algorithm translating that activity into synthesized speech. The BCI is implanted in Ann's brain and detects the electrical signals associated with her

speaking attempts. These signals are then transmitted to a computer, where the AI algorithm deciphers the intended words and generates a corresponding audio output.

To personalize Ann's synthesized speech, the UCSF team recorded her speaking at her wedding. This recording provided the AI algorithm with a reference for Ann's natural voice, producing a more accurate and natural-sounding synthesis.

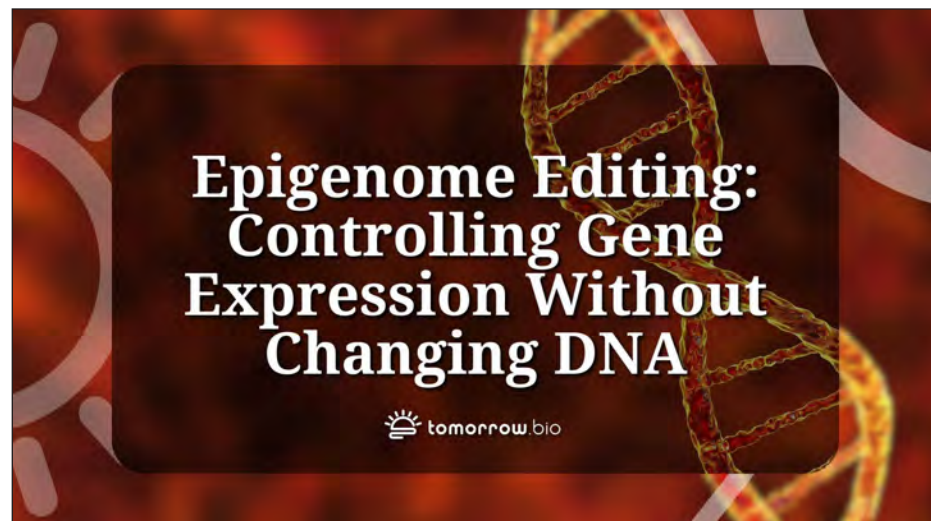

In addition to restoring Ann's ability to speak, the UCSF team also developed a system that animates Ann's avatar with facial expressions that match her spoken words. This enhances the communication experience by providing visual cues complementing the synthesized speech.

The successful implementation of this AI-powered system represents a significant milestone in BCI technology and can potentially revolutionize the lives of people with paralysis. By restoring their communication ability, individuals with paralysis can regain independence, improve their quality of life, and reconnect with loved ones.

Epigenome Editing Paves the Way for Genetic Breakthroughs!

THE ever-evolving landscape of biological research, one groundbreaking frontier is stealing the spotlight: *Epigenome Editing*. This cutting-edge technology is revolutionizing our approach to treating diseases with a genetic component, holding the key to a future where we can modify gene expression without altering the fundamental DNA sequence.

At the core of this innovation is the ability to precisely tweak the epigenome—the intricate molecular machinery that regulates gene activity. Unlike traditional genetic editing methods that alter the DNA sequence itself, epigenome editing allows scientists to make targeted changes to how

genes are turned on or off. This opens up a treasure trove of possibilities for addressing genetic disorders and advancing personalized medicine.

Imagine a world where conditions like cystic fibrosis, Huntington's disease, or certain types of cancer could be treated at the epigenetic level. Epigenome editing provides a level of precision that was once thought impossible, offering hope for therapeutic interventions that go beyond merely managing symptoms.

One of the key advantages of this technology is its potential to address the root causes of diseases while minimizing unintended side effects. By fine-tuning gene expression, researchers can target specific cells or tissues, tailoring treatments to individual patients based on their unique genetic makeup.

The implications of epigenome editing extend far beyond the realm of traditional medicine. As we delve deeper into this groundbreaking field, the possibility of enhancing cognitive abilities, slowing down aging, and even preventing certain diseases before they manifest becomes increasingly tangible.

As research accelerates, the potential applications of epigenome editing are limited only by our imagination. The journey toward unlocking the full potential of our genetic code has begun, and epigenome editing is at the forefront, guiding us toward a future where we can rewrite the script of life itself.

Buckle up for a genetic revolution—our future health may depend on it!

Possible Hate Crime Linked to Gaza Conflict

Three Palestinian Students Shot in Burlington, Vermont

LAST Saturday, November 25, 2023, three Palestinian students were shot and injured near the University of Vermont campus in Burlington, Vermont. The incident has raised concerns about a possible connection to the ongoing conflict in Gaza, with authorities investigating whether the shooting was motivated by anti-Palestinian bias.

The shooting occurred at approximately 6:25 p.m. as the students were walking to dinner. They were confronted by a white male with a handgun who reportedly yelled anti-Palestinian slurs before opening fire. Two of the victims are in stable condition, while the third sustained more severe injuries.

The timing of the shooting coincides with a period of heightened tensions surrounding the conflict in Gaza. The recent escalation of violence in the region has led to an increase in anti-Palestinian sentiment in some quarters.

Additionally, the perpetrator reportedly targeted the victims precisely because of their Palestinian ethnicity.

The shooting has sparked outrage and concern among the Palestinian community in Burlington and beyond. Many people have expressed their support for the victims and their families. Burlington Mayor Miro Weinberger condemned the shooting, calling it “a shocking and disturbing incident.” Governor Phil Scott also condemned it, urging Vermonters to “unite against hate and violence.”

The University of Vermont has released a statement expressing its support for the victims and its commitment to the safety of all students. The university has also increased security measures on campus.

The shooting is still under investigation, and no arrests have been made. However, the evidence suggests it may have been motivated by anti-Palestinian bias. The local community is understandably concerned about the possibility of further violence, and authorities are taking steps to address these concerns.

US officials expressed disappointment that

No Americans were included in the release of Hamas hostages

U.S. officials expressed disappointment on Saturday after three Americans with dual Israeli citizenship were not among the hostages released by Hamas as part of a prisoner exchange deal. Hamas militants reportedly captured three Americans, two women, and a four-year-old girl during the recent conflict between Israel and Gaza.

"We are disappointed that we haven't seen the Americans on a list yet, but we are hopeful for the next couple of days," said a senior administration official.

The official added that the U.S. is working closely with Israeli and Egyptian officials to secure the release of the remaining hostages.

The hostage release was part of a ceasefire agreement reached between Israel and Hamas on Friday—the agreement called for the release of 50 Palestinian prisoners held by Israel in exchange for the hostages.

The Biden administration has been working behind the scenes to secure the release of the American hostages. President Biden has spoken with Israeli and Egyptian leaders about the issue.

The hostage release was a welcome development after several days of intense fighting between Israel and Hamas. The conflict killed more than 250 people, including at least 60 children.

Despite the progress made, U.S. officials remain cautious about the situation. They say that the situation is still fluid and that it is too early to tell when or if the remaining hostages will be released.

The release of the American hostages would be a significant victory for the Biden administration. It would also be a sign that the ceasefire agreement is being held and that there is a possibility for lasting peace between Israel and Hamas.

Javier Milei's Radical Proposals:

A Cause for Concern in Argentina and Abroad

JAVIER Milei, the newly elected president of Argentina, has sparked widespread concern with his proposed radical economic reforms. His plans to drastically cut government spending, privatize state-owned enterprises, and adopt a dollarized economy have raised fears of exacerbating Argentina's dire financial situation and destabilizing the region.

Drastic Spending Cuts and Privatization

Milei's proposal to slash government spending by 40% has alarmed many who fear it will deteriorate essential public services, such as healthcare and education. This could disproportionately impact Argentina's most vulnerable citizens, who rely heavily on these services.

Furthermore, Milei's plans to privatize state-owned enterprises, including energy companies and the national airline, have raised concerns about potential job losses and a loss of control over critical infrastructure.

Dollarization and Economic Instability

Milei's most controversial proposal is to adopt a dollarized economy, replacing the Argentine peso with the US dollar

as the official currency. This move is intended to curb inflation, which has plagued Argentina for decades. However, economists warn that dollarization could lead to a loss of economic sovereignty and make it difficult for Argentina to adjust to economic shocks.

Global Implications

Milei's radical proposals have also raised concerns in the international community, as they could affect the region's stability. Argentina's economic woes have already had spill-over effects on its neighbors, and any further deterioration could destabilize the regional economy.

Javier Milei's radical economic proposals have sparked widespread concern in Argentina and worldwide. His plans to drastically cut government spending, privatize state-owned enterprises, and adopt a dollarized economy could have far-reaching consequences, exacerbating Argentina's economic crisis and destabilizing the region.

Only time will tell whether Milei's unorthodox approach will address Argentina's deep-seated financial problems or aggravate the situation.

Kyiv, Kharkiv, and Odesa Bear Brunt of Coordinated Assault

Russia Unleashes Largest Drone Attack on Ukraine Since War's Start

A significant escalation of the ongoing conflict, Russia launched its most extensive drone attack on Ukraine since the war began in February 2022. The attack, which targeted Kyiv, Kharkiv, and Odesa, involved over 70 Iranian-made Shahed-136 drones, overwhelming Ukrainian air defenses.

While Ukrainian forces managed to intercept and destroy most of the incoming drones, several managed to reach their targets, causing widespread damage and power outages. In Kyiv, the capital, at least five people were injured, including an 11-year-old child.

The attack comes as Ukraine commemorates the Holodomor, a famine genocide orchestrated by the Soviet regime under Joseph Stalin in the 1930s that killed millions of Ukrainians. The timing of the attack has been widely condemned as insensitive and disrespectful to the memory of those who

perished in the Holodomor.

Ukrainian President Volodymyr Zelenskyy condemned the attack, calling it an act of “desperation” by Russia. He vowed that Ukraine would not be intimidated and would continue defending its territory and people.

The international community has also condemned the attack, with many countries calling for Russia to be held accountable for its actions. The United States, in particular, has called on Russia to cease its attacks on civilian targets and to engage in meaningful negotiations to end the war.

The attack is a stark reminder of the ongoing brutality of the war in Ukraine. It also reminds of the importance of international support for Ukraine as it continues to defend its sovereignty and independence.

A Tale of Two Scenarios

Milei's Plan to Convert to US Dollars

JAVIER Milei, Argentina's unconventional economist-turned-politician, has proposed a radical solution to the country's chronic economic woes: dollarization. His plan envisions replacing the Argentine peso with the US dollar as the country's official currency. While the idea has garnered both support and skepticism, exploring its potential benefits and drawbacks is crucial to understanding its feasibility.

The Case for Dollarization:

A Path to Stability

Proponents of dollarization argue that it could bring much-needed stability to Argentina's turbulent economy. By adopting the US dollar, Argentina would effectively peg its currency to a stable and globally recognized reserve asset. This would anchor prices, tame inflation, and foster investor confidence, leading to increased capital inflows and economic growth.

Moreover, dollarization could simplify business transactions, reduce costs, and enhance international trade. Businesses would no longer face the exchange rate risks associated with a volatile currency, making it easier to plan and invest.

Potential Pitfalls:

Challenges Along the Way

Despite its potential advantages, dollarization has its challenges. One primary concern is the loss of monetary autonomy. By relinquishing control over its currency, Argentina could not tailor monetary policy to its specific economic needs. This could limit the government's ability to respond to economic shocks and hinder its efforts to promote domestic industries.

Another concern is the potential impact on Argentina's international competitiveness. Adopting a stronger currency

could make Argentine exports more expensive, potentially harming export-oriented industries and widening trade deficits. Additionally, dollarization could exacerbate income inequality, as the value of assets and wages would be denominated in a stronger currency, potentially benefiting the wealthy at the expense of the lower-income population.

Navigating the Crossroads:

A Delicate Balance

The success of Milei's dollarization plan would hinge on careful implementation and addressing potential challenges. A gradual approach, focusing on mitigating the negative impacts on competitiveness and income inequality, could increase the plan's viability.

Additionally, Argentina would need to address structural issues such as fiscal deficits and labor market rigidities to reap the benefits of dollarization fully. These complementary measures are necessary for dollarization to mask underlying economic problems rather than provide a lasting solution.

Weighing the Options

Milei's dollarization plan presents a bold and ambitious strategy to address Argentina's economic woes. While it holds the potential to bring stability and growth, it has its challenges. The decision to adopt dollarization should be made carefully considering the potential benefits and drawbacks, along with a comprehensive plan to mitigate potential negative impacts.

2024 UEFA Champions League - Matchday 5:

Feyenoord's European Quest Ignites Passion in Aruba

Pro Shots

AS the 2024 UEFA Champions League approaches Matchday 5, football fans' anticipation is reaching a fever pitch. For Feyenoord supporters in Aruba, the upcoming matches hold a special significance, representing a beacon of hope and a shared passion that transcends geographical boundaries.

Feyenoord, the iconic Dutch football club from Rotterdam, has captivated the hearts of Aruban fans for decades. Their vibrant jerseys, energetic chants, and unwavering loyalty have become familiar on the island, painting the streets with a sea of red and black.

The Champions League, Europe's premier club competition, holds a unique allure for Feyenoord fans in Aruba. It's a stage where their beloved team can showcase their talent and compete against the continent's best. And for the Aruban supporters, it's an opportunity to connect with their fellow fans back home, sharing the thrill of the game and the pride in their club's achievements.

Matchday 5 of the Champions League will see Feyenoord face off against a formidable opponent, adding to the excitement and anticipation among Aruban fans. The prospect of their team securing a crucial victory, potentially even advancing

to the next stage of the competition, has ignited a sense of unity and passion among the supporters.

The club's success brings a sense of pride and belonging, uniting fans from all walks of life and fostering a strong sense of community.

This shared passion for Feyenoord is particularly evident among the Aruban diaspora, who have carried their love for the club across borders. Distance may separate them from their homeland, but their connection to Feyenoord remains strong, transcending physical boundaries.

As Feyenoord embarks on their Matchday 5 challenge, their Aruba supporters will cheer them on with unwavering passion. The club's European quest is not just about football but about representing their identity, community, and island pride. The roar of the fans in Aruba will undoubtedly echo through the stadiums of Europe, fueling the team's spirit and reminding them of the unwavering support they carry from across the globe.

Argentina vs Germany:

A Clash of Titans with Divided Loyalties in Aruba

THE FIFA U-17 World Cup Indonesia 2023 is set to witness a clash of titans as Argentina takes on Germany in the quarter-finals. The match will be held today, November 28, 2023, at the Maguwoharjo Stadium in Sleman, Indonesia.

Argentina

Argentina comes into the match as the reigning champions of the tournament. They have been impressive, winning all three group games and scoring 12 goals. Argentina is known for its attacking flair and will be looking to take the game to Germany from the start.

Germany

Germany is also a force to be reckoned with. They have won two of their three group games and are unbeaten in the tournament. Germany is a well-organized team with a strong defense. They will be looking to frustrate Argentina and hit them on the counter-attack.

What does the match mean for each country?

For Argentina, a win would mean a place in the semi-finals and a chance to defend their title. It would also significantly boost the country's football program, which has been struggling recently.

For Germany, a win would mean a first-ever U-17 World Cup title. It also indicates that the country's youth development program is on the right track.

The match is expected to be a close and exciting one. Both teams have the potential to win, and it will be interesting to see who comes out on top.

Aruba's Divided Loyalties

The match will surely be memorable, especially for Aruban fans, who have a strong affinity for Argentina and Germany. Aruba, a small island nation in the Caribbean, has a rich football history and is home to a passionate fan base. The upcoming match will divide loyalties among Aruban fans, with many torn between supporting their South American neighbors or their European counterparts.

Regardless of which team they support, Aruban fans will enjoy the spectacle of this high-stakes match. The clash between Argentina and Germany promises to be thrilling, and Aruban fans will

be eager to witness the crowning of a new U-17 World Cup champion.

Key Players to Watch

• Argentina: Agustin Ruberto (forward), Lautaro Ovando (midfielder), Mateo Porcallo (defender)

• Germany: Max Moerstedt (on), Niklas Hoffmann (midfielder), Aaron Meier (defender)

A Memorable Match for Aruba

The match between Argentina and Germany will surely be memorable for Aruban fans, who will be divided in their loyalties but united in their passion for the beautiful game.

The clash of titans will undoubtedly provide an exciting spectacle, and Aruban fans will eagerly await the outcome of this highly anticipated match.

A Rivalry Renewed

Los Angeles Lakers vs. Boston Celtics

THE Los Angeles Lakers and Boston Celtics will face off on Christmas Day in a highly anticipated matchup of two of the NBA's most storied franchises. This game will be played at the TD Garden in Boston, Massachusetts. The Lakers and Celtics have a long and storied rivalry dating back to the 1950s. The two teams have met in the NBA Finals 12 times, with the Celtics winning 11 of those matchups.

This year's game will be exciting, as both teams are expected to be contenders for the NBA championship. The Lakers are led by LeBron James, who is widely considered to be one of the greatest basketball players of all time. The Celtics are led by Jayson Tatum and Jaylen Brown, two of the most promising young players in the NBA.

Lakers Preview

The Lakers are coming off a disappointing season in which they finished with a 33-49 record. However, the team has high hopes for this season, largely thanks to the addition of James. James is still one of the most dominant players in the NBA and is expected to lead the Lakers back to the playoffs.

In addition to James, the Lakers have several other talented players, including Anthony Davis, Russell Westbrook, and Patrick Beverley. Davis is a versatile big man who can score, rebound, and block shots. Westbrook is an explosive point guard who can create scoring opportunities for his teammates. Beverley is a tenacious defender who can guard

multiple positions.

Celtics Preview

The Celtics are coming off a season in which they reached the NBA Finals. The team is led by Tatum and Brown, two of the most exciting young players in the NBA. Tatum is a skilled scorer who can create his shot. Brown is an athletic wing player who can defend multiple positions.

In addition to Tatum and Brown, the Celtics have several other talented players, including Marcus Smart, Al Horford, and Derrick White. Smart is a versatile guard who can defend, rebound, and pass. Horford is a veteran big man who can score, rebound, and block shots. White is a quick and athletic guard who can create scoring opportunities for his teammates.

Prediction

This game is sure to be a close one. The Lakers are a talented team with a lot of experience, but the Celtics are a young and hungry team playing with confidence. I predict that the Celtics will win this game by a close score.

The upcoming game between the Lakers and Celtics will be aired live on ABC. You can watch it from Aruba on channel 14 or HD on channel 314. Mark your calendars for February 1, 2024, as the teams will face off again, this time at the Crypto.com Arena in Los Angeles.

Extreme Hooligans:

A Danger Lurking in the Shadows of the Champions League

AS the excitement of the Champions League reaches its fever pitch, concerns are mounting about the potential for violence from Extreme Hooligans. These individuals, often affiliated with specific football clubs, engage in organized acts of violence, both before and during matches. Their actions can have devastating consequences, not only for those directly involved but also for the wider community.

The Champions League, with its high-profile matches and passionate fan bases, is a prime target for Extreme Hooligans. Matchday 5, in particular, is seen as a high-risk fixture due to the clash between Feyenoord and Atletico de Madrid. Both clubs have a history of hooliganism, and the match is expected to attract many fans from both sides.

The dangers of Extreme Hooligans extend beyond the immediate vicinity of the stadium. Hooligans have been known to engage in violence in public areas, such as city centers and transport hubs. This can lead to widespread disruption and

fear among the general public.

The authorities know the potential for violence and are taking steps to mitigate the risk. However, the nature of Extreme Hooligans makes it challenging to prevent them from causing trouble. They are often organized and secretive, and their actions can be unpredictable.

In addition to the physical dangers of Extreme Hooligans, there is also the risk of reputational damage. Hooliganism can tarnish the image of a city or a football club and deter tourists and businesses from visiting.

The issue of Extreme Hooligans is a complex one, and there is no easy solution. However, it is essential to raise awareness of their dangers and take steps to prevent them from causing harm. By working together, the authorities, football clubs, and fans can help to ensure that the Champions League is a safe and enjoyable experience for everyone.

A Closer Look

Unraveling the Intricacies of Women's Intuition

THE enigmatic concept of women's intuition has long fascinated and intrigued individuals across the globe. Often cited as a mysterious and innate ability, women's intuition refers to the uncanny knack some women have for grasping insights or making decisions based on gut feelings or subtle cues. While it may seem like a subjective phenomenon, recent studies delve into the science and psychology behind this intriguing aspect of human perception.

Women's intuition is not a one-size-fits-all concept; rather, it encompasses a range of perceptive abilities that may vary from person to person. Scientifically, this intuitive sense is closely tied to emotional intelligence, empathy, and an acute awareness of non-verbal communication. Research suggests that women tend to excel in decoding facial expressions, body language, and vocal nuances, allowing them to pick up on subtle signals that may elude others.

Evolutionary psychologists propose that women's intuition could have roots in our ancestral past. As primary caregivers, women historically needed to navigate complex social dynamics and swiftly assess potential threats to ensure the safety of themselves and their communities. Over time, these adaptive skills may have evolved into the intuitive abilities we observe today.

Neuroscience has also entered the arena of understanding women's intuition. Brain imaging studies reveal that the anterior insula, a brain region linked to emotional processing, tends to be more active in women when engaged in intuitive decision-making tasks. This suggests a neurological basis for the heightened sensitivity and responsiveness associated with women's intuition.

Contrary to popular belief, women's intuition is not exclusive to predicting negative outcomes. Research indicates that women often use their intuitive abilities for positive outcomes, such as fostering deeper connections with others, making sound decisions in interpersonal relationships, and navigating social complexities effectively.

While the concept of women's intuition may resist easy categorization, the growing body of scientific inquiry sheds light on the factors that contribute to this intriguing phenomenon.

Understanding women's intuition not only adds depth to our appreciation of human cognition but also challenges traditional notions of decision-making, emphasizing the nuanced interplay between instinct and intellect in shaping our perceptions of the world.

The Timeless Tale of ‘Last Kiss’:

From Wayne Cochran to Pearl Jam and Beyond

THE annals of musical history, certain songs carve out a lasting place in our hearts, transcending time and genre. One such poignant ballad is “Last Kiss,” originally penned and performed by the dynamic Wayne Cochran in 1961. The song, with its upbeat doo-wop charm, hides a tragic narrative beneath its lively exterior.

Wayne Cochran’s Original ‘Last Kiss’ (1961):
Wayne Cochran, an American soul singer known for his energetic stage presence, introduced the world to “Last Kiss.” The song spins a heart-wrenching tale of love cut short by a tragic car crash. Cochran’s original rendition combines the upbeat musicality of the early ‘60s with lyrics that explore loss and sorrow, creating a unique contrast that resonates with listeners.

Pearl Jam’s Emotive Rendition (1998):
Fast forward to 1998, and “Last Kiss” finds itself in the capable hands of alternative rock powerhouse Pearl Jam. Eddie Vedder’s soulful voice brings a raw, emotional quality to the song as the band delivers a stripped-down, acoustic rendition. Pearl Jam’s cover, released as a single, became a chart-topping success, captivating a new generation and showcasing the band’s versatility beyond their grunge roots.

A Charitable Twist:
What sets Pearl Jam’s version apart goes beyond its musical prowess. The band decided to channel the proceeds from the single towards a noble cause — Kosovo War relief efforts. In doing so, they transformed “Last Kiss” into a vessel of compassion, using its tragic narrative to contribute to a real-world struggle.

Spanish Echoes: Jose Luis Perales’ “El Último Beso”:
The echoes of “Last Kiss” reverberated globally, transcending language barriers. In the Spanish-speaking world, Jose Luis Perales lent his emotive voice to the Spanish version titled “El Último Beso.” Perales’ rendition retains the original’s heart-wrenching essence, adding a layer of depth to the timeless narrative.

Enduring Legacy:
“Last Kiss” stands as a testament to the enduring power of storytelling through music. From Wayne Cochran’s lively doo-wop beginnings to Pearl Jam’s soul-stirring cover and Jose Luis Perales’ poignant Spanish adaptation, the song continues to bridge generations and cultures. Its ability to evoke universal emotions ensures its place not

just in the playlists of different eras but in the collective consciousness of music enthusiasts worldwide.

As we revisit “Last Kiss” through these different lenses, we uncover not just a song but a living narrative that transcends time, reminding us of the profound impact music can have on our emotions and the world around us.

Fact vs. Fiction

Unraveling the Web of COVID-19 Conspiracy Theories

In the midst of the COVID-19 pandemic, a surge of conspiracy theories has permeated public discourse, sowing doubt and confusion. These theories range from the origins of the virus to sinister plots involving global figures. Let's delve into some of the most prevalent and debunked COVID-19 conspiracy theories.

One persistent theory suggests that COVID-19 is a bioweapon engineered in a laboratory. Despite thorough investigations by the scientific community, there is no credible evidence supporting this claim. The consensus among experts is that the virus originated naturally, likely from a wildlife source.

Another unfounded theory revolves around 5G technology, proposing a link between the rollout of 5G networks and the spread of the virus. Scientific studies have consistently shown that viruses, including COVID-19, are not caused by or related to 5G technology. Such claims only serve to spread misinformation and divert attention from genuine public health measures.

Conspiracy theories involving influential figures have also taken center stage. Some allege that Bill Gates orchestrated the pandemic for personal gain through vaccine distribution or to exercise control over global populations. Health experts and fact-checkers universally dismiss these claims, empha-

sizing the philanthropic efforts of organizations like the Bill and Melinda Gates Foundation in combatting the virus.

Another troubling theory posits that the pandemic was planned, with powerful entities intentionally unleashing the virus. Such claims lack credible evidence and often rely on misconstrued information, fueling unnecessary fear and anxiety.

In addition, a segment of the population denies the severity of the virus altogether, dismissing it as a hoax or exaggeration. This denialism hampers public health efforts and jeopardizes lives, as it undermines crucial measures such as vaccination and social distancing.

As we navigate these challenging times, it is imperative to rely on accurate information from reputable health authorities. Misinformation and conspiracy theories only hinder global efforts to combat the pandemic and protect public health.

The web of COVID-19 conspiracy theories is complex, with each claim unraveling under scrutiny. By staying informed through credible sources and promoting scientific literacy, we can collectively work towards a healthier, more resilient global community.

AM News Presents Top 5

Christmas Movies That Dominated the Box Office

IN the spirit of the holiday season, let's take a cinematic journey through the Top 5 Highest Grossing Christmas Movies Ever. This year, as we navigate a unique Christmas amidst the pandemic, what better way to unwind than by revisiting the classics that have captured hearts and box office records.

1. Home Alone, 1990 (\$477,000,000)

Topping the list is the timeless classic, "Home Alone." Featuring a young Macaulay Culkin and the talented Joe Pesci, the original Home Alone stands as an unrivaled leader, earning a staggering \$477 million. Its heartwarming yet hilarious storyline continues to captivate audiences worldwide.

2. Home Alone – Lost in New York, 1992 (\$369,000,000)

Following closely behind is the second installment of the Home Alone saga, "Lost in New York." Despite maintaining the charm of the original, this sequel ventures into the bustling streets of New York City. Earning \$369 million, it secures its place among the highest-grossing Christmas movies.

3. How the Grinch Stole Christmas, 2000 (\$345,000,000)

In the third spot is the whimsical adaptation of the beloved Dr. Seuss classic, "How the Grinch Stole Christmas." Jim Carrey's portrayal of the Grinch, despite mixed reviews, propelled the film to a box office triumph, amassing \$345 million during its Christmas 2000 release.

4. The Polar Express, 2004 (\$313,000,000)

Directed by Robert Zemeckis, "The Polar Express" holds the fourth position. Known for its groundbreaking use of Digital Capture technology, this animated gem featuring Tom Hanks garnered acclaim and a box office collection of \$313 million.

5. Elf, 2003 (\$220,000,000)

Rounding off our festive list is the charming and comedic "Elf," released in 2003. Despite initial critical reser-

ervations, the star power of James Caan and Will Ferrell propelled it to become a box office hit, securing its place among the top-grossing Christmas movies with \$220 million.

As we reflect on these Christmas classics, their enduring popularity reminds us of the magic of the holiday season. Whether it's the slapstick antics of Kevin McCallister or the heartwarming tale of the Grinch, these movies continue to bring joy to audiences, making them timeless treasures in the world of cinema.
